

AIRLESS BOTTLE ADVANTAGES

(Over traditional glass and plastic bottles, jars, and vials)

1. Easier to hold
2. Easier to open
3. Lighter to carry
4. More precise application, .2ml per squirt
5. Airtight, so contents stay fresher
6. Inside plate rises with each use until no cream, serum, or oil is left, resulting in less waste
7. Ergonomic design is sleek and attractive
8. Won't break or crack
9. Highly recyclable aluminum casing and SAN plastic housing
10. Dishwasher safe; reuse if desired
